## **Important Notice: Money Market Fund replaced by Enhanced Cash investment**

If you are invested in the Money Market Fund, please note the following investment option change. The Vanguard Money Market Fund (Money Market) has been replaced by the PIMCO Short Asset Investment Fund (Enhanced Cash).

The change from Money Market to the Enhanced Cash investment was prompted by regulatory changes in the money market industry.

The MEBT IAC and MEBT Trust Committee conducted a search to compare alternatives and selected the Enhanced Cash investment to replace the Money Market investment.
